Cybersecurity:

As indicated by Lessig, online security can be achieved using different measures, such as the law, technical security measures, and expertise in the field.

Institutions:

- CITRA.
- CBK.
- ECCCD.

The problem:

Damaging gap between law and technology.

Causes of the gap:

- technology fast development.
- Law and Policy.
- Lack of expertise.
- Awareness.

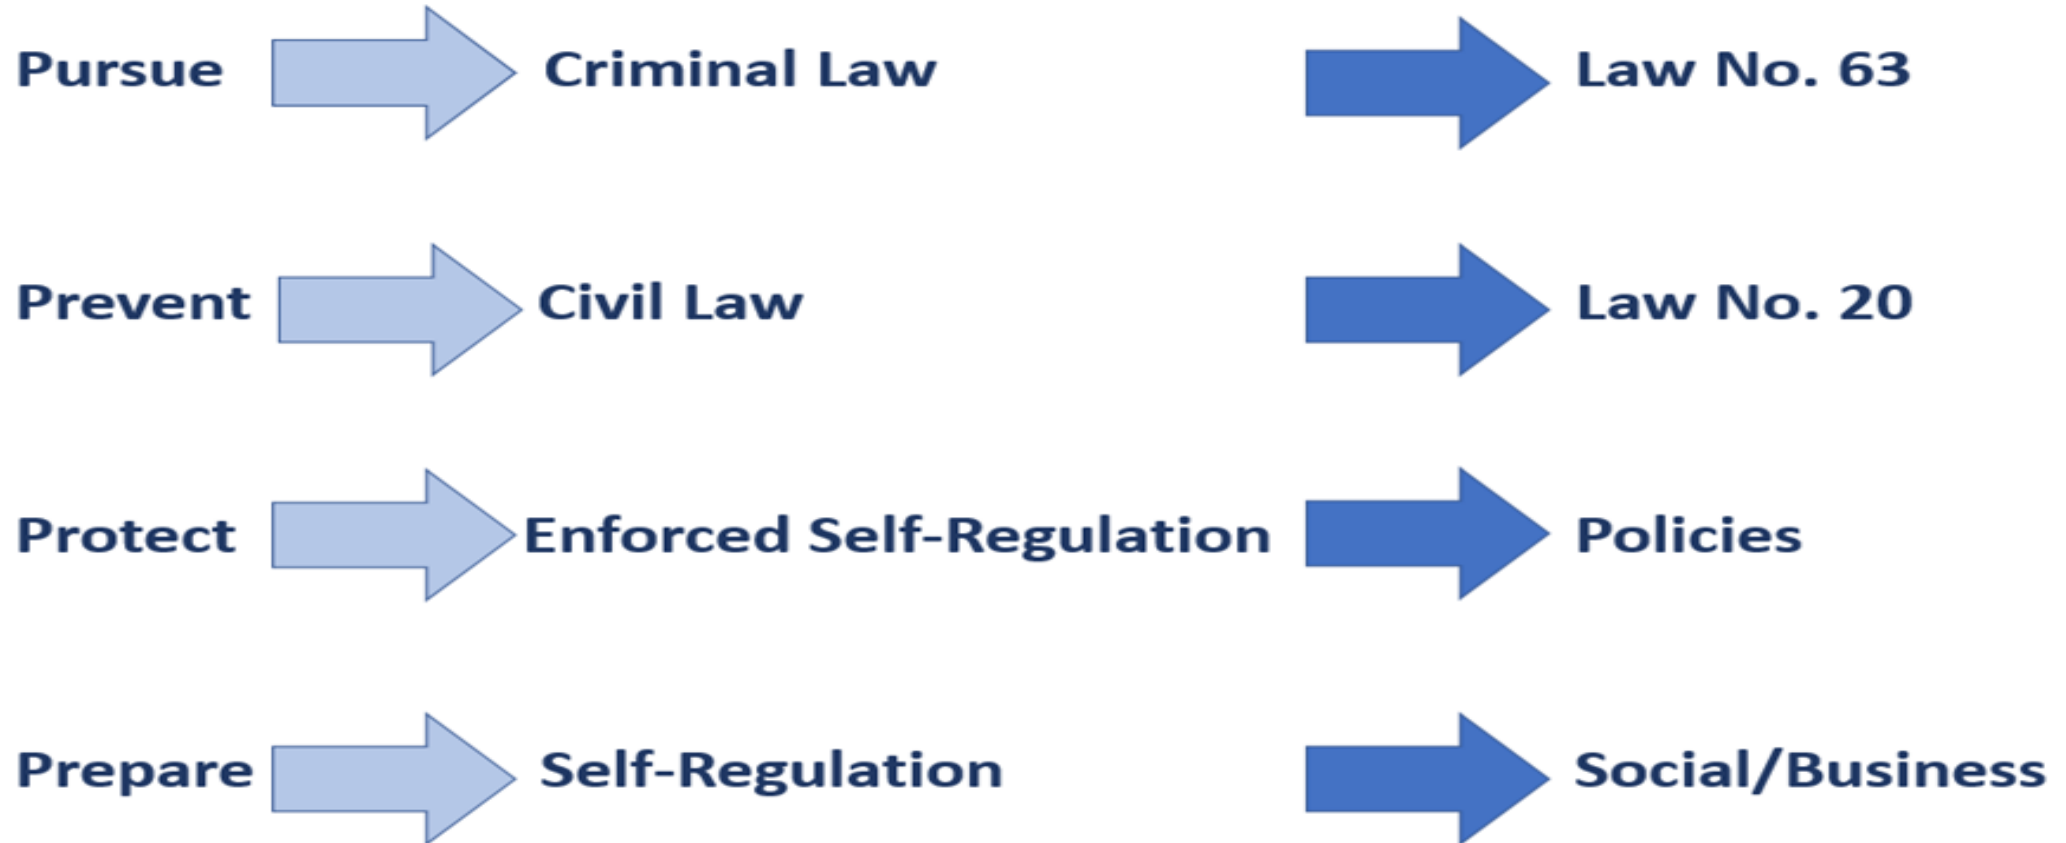

Laws and Polices:

- Law No. 20/2014: Concerning Electronic Transactions of
- Law No. 63 of 2015 Combating Information Technology Crimes
- CITRA, 'National Cyber Security Strategy for the State of Kuwait', (2017-2020).
- CBK, Resolution No. 44/430 of 2018: Instructions for Regulating the Electronic Payment of Funds.

Solutions:

How to overcome the problem?

Reforming Laws.
Policies.
Expertise and training.
Awareness.
